Authorised entity 204
ÚNMZ Decision no. 5/2017 of 31/1/ 2017
Plzeň 0300 Branch,

Product CERTIFICATE

no. 204/C5/2017/030-055593

In keeping with the provisions of Section 5 of the Government Directive no. 163/2002 Coll, defining technical requirements for selected construction products, as amended by the Government Directive no. 312/2005 Coll and the Government Directive no. 215/2016 Coll, the authorised entity hereby confirms that for the construction product:

CSB - Public transport stop panels

Producer:

CS - BETON, s.r.o.

IČO (Company ID): 47287586
Address: Velké Žernoseky 184, 412 01 Litoměřice
Production facility: CS - BETON, s.r.o.
Address: Velké Žernoseky 184, 412 01 Litoměřice
Job: Z030170017

it has studied materials submitted by the manufacturer, performed an initial product type test on a sample, performed an initial supervision at the production facility, evaluated the production management system and established that

- the above product complies with all requirements related to basic requirements of the above Government Directive and defined in the construction technical statement:

STO no. 030-055589 of 2017/09/06, issued by the authorised entity 204 and valid until 6/9/2020, extended validity by verdict no. 030-060551 of 2020/09/04 until 2023/09/06.

- The production management system corresponds to the relevant technical documents and ensures that products introduced to the market comply with requirements defined in the above construction technical statement and in technical documents as per Section 4. 3 of the above Government Directive.

An integral part of this Certificate is the certificate results record no. 030-055592 of 2017/09/11 and supervision report no. 030-060975 of 2020/12/07, which includes conclusions of evaluation and checks and test results and basic description and/or an image of the certified product necessary for its identification.

This Certificate was first issued on 11/9/2017 and remains valid for a time in which the requirements defined in the construction technical statement referenced above, and/or production conditions in the production location or its production management system remain without significant changes and the authorised entity does not change or revoke the certificate.

The authorised entity performs supervision at least one in each 12 months to ensure proper function of the production management system at the manufacturing facility, collects product samples in the production facility, performs tests on such samples and evaluates whether the product's properties correspond to the construction technical statement as per Section 5.4 of the above Government Directive. The authorised entity shall issue a report on the supervision results and shall provide it to the producer.

The person responsible for correctness of this certificate

Plzeň, 2020/12/07,

Stamp of Certification Authority 204

Ing. Alexander Trinner
Deputy Director for Certification Authority 204
