Certification diagram 3 as per ČSN EN ISO/IEC 17067, including collection and testing of product samples together with evaluation of the production management system and supervision of production management system together with testing of samples collected at the manufacturing location.

In this Certificate, the Certification Authority confirms that:

- For the product sample concerned, it verified the conformity of its properties with those listed in the technical specification:
 - of Article 7.5.1 of the EN 1433:2002/A1:2005 standard (ČSN EN 1433:2003/A1:2006) Drainage channels for vehicular and pedestrian areas - Classification, design and testing requirements, marking and evaluation of conformity
 - of Technology Documentation 152:2001 Slot drains on surface roads
- The production management system corresponds to the technical documents and ensures that products introduced to the market are as per the above specification.

This certificate is issued based on the Test Result document for product no. 030-055857 of 31/10/2017 and supervision report no. 030-061038 of 2020-12-18, issued by TZUS Praha, s. p. - Plzeň branch, which is being submitted to the manufacturer. The document contains conclusions of the evaluation and terms of the Certificate's validity.

The Certificate has one attachment (one page), which is an integral part of the Certificate.

Certification Authority Stamp

Ing. Alexander Trinner
Deputy Directive of the Certification Authority

Appendix to Certificate no. 030-055858

Terms for Certificate's validity and use:

1. The Compliance Certificate shall be used exclusively for the purposes it was issued for.
2. This Certificate does not replace documents issued by the authorised entity as per Government Directive no. 163/2002 Coll, or the declared entity as per the European Parliament and Council Regulation no. 305/2011.
3. The certified product shall remain in keeping with the technical specification.
4. The Certificate holder shall:
 - a) Inform the Certification Authority about all changes: Modification of the product or manufacturing process, material changes, changes in the production management system which have influence on conformity of the certified product;
 - b) Inform the Certification Authority of all changes in its ownership, structure, or management;
 - c) Keep records of all complaints related to non-compliance of the certified product with the relevant standard's requirements;
 - d) Adopt suitable measures to remedy non-compliance and document such measures;
 - e) Upon request, submit to the Certification Authority the above records of complaints;
 - f) Enable the Certification Authority to perform periodical supervision for the validity period of the Certificate.
5. The Certification Authority shall perform repeated evaluation of the product when changes influencing its properties occur, technical specifications change, or there are significant changes in ownership, structure, or management of the company.
6. Validity of this Certificate is subject to a positive evaluation of test results for supervision tests included in the Certification Authority's reports submitted to the Certificate Holder.
7. The applicant shall have the right to appeal against this Certificate to the TZÚS Praha, s.p., Quality Control Department within 15 days of receiving this Certificate.

This attachment shall form an integral part of Certificate no. 030-055858.

Pilsen, 18/12/2020,

Ing. Alexander Trinner
Deputy Directive of the Certification Authority
